Findings & the 80/20

Every anomaly this window, and the few fixes that win most of the money back.

Findings — everything that moved

-  ▼ CVR fell 0.28% → 0.24% (-12%). A conversion problem, not a traffic one.
-  ▼ ATC rate fell 1.76% → 1.46% (-17%). Product page or price is losing the add-to-cart.
-  ▼ direct is 81% of traffic but converts 0.10% vs 0.24% store avg. Bots or a bad match — fix or exclude.

The 80/20 — fix these first

-  These few fixes are ~80%% of the recoverable EGP per day. Do them before anything else; the rest is the long tail.
